

Grant Application Process

Interested in applying for a grant? Please follow these steps:

Step 1: Carefully review our Grant Guidelines

This document provides important information about our funding priorities and eligibility requirements. If you believe your program is a good match with our Foundation's mission, go to step 2.

Step 2: Speak with Tariq Farid Foundation staff

When you speak with Tariq Farid Foundation staff, we can determine if your program or project is a good fit within our mission and funding priorities, and whether it makes sense to apply. We know your time is limited and we'd rather provide guidance upfront, before you spend time completing an application! We can also answer any questions you may have about the application process. Please note that approval to apply does not in any way guarantee funding.

Please contact (203) 626-9851 or info@tariqfaridfoundation.org to set up a phone call. **Do not skip this step – call before you apply!**

Step 3: Download and complete our Grant Application

Once you've spoken with Foundation staff and received approval to apply, you can download and complete this fillable form. Be sure to include the supporting documents requested on the application when you send it in.

If you have previously received a grant from the Tariq Farid Foundation, you must also submit a Final Report before a new grant will be considered.

Completed applications and required documents should be loose pages fastened with a clip. Your application, together with supporting documents, should be mailed to:

Tariq Farid Foundation
97 Barnes Road
Wallingford, CT 06492

Sorry- we do not accept applications via fax or email.

Questions?

If you have questions as you're completing the application, don't hesitate to call (203) 626-9851 or email info@tariqfaridfoundation.org. Our staff is here to help you.
